ENVIRONMENTAL POLICY STATEMENT

Vent-Axia Limited business is to provide ventilation, heating and air- conditioning products and systems for the Domestic, Commercial and Industrial Markets.

The Company recognises that its products, activities and services may have an Impact on the environment. It is the Company's belief that managing the environmental implications of our activities is an Integral part of good management practice and responsible management strategy.

The Company Environmental Policy is supported by an environmental management system designed to achieve continuous improvement. It is the objective of the Company to ensure:

- Compliance with all relevant legislation, environmental standards and other requirements.
- Environmental issues are considered in the purchase of new equipment, design of new products and the introduction of new processes, services or facilities in order to minimise or prevent adverse impacts on the environment.
- Prevention of pollution and reduction in the consumption of natural resources wherever practical and appropriate. (energy, fuel, water, packaging and materials).
- The reduction, recycling and re-use of waste and packaging wherever practical and appropriate. Plastic recycling rates vary across product ranges, however our uPVC ducting range uses 100% recycled materials and we are continuously working to increase the percentages of the remaining product ranges.
- Allocation of appropriate resources to meet our environmental commitments.

The effectiveness and suitability of the Company Environmental Policy will be reviewed 2 yearly or following organisational changes, major incidents, new legislation or audit recommendations. Any amendments will be brought to the notice of all employees. The Policy statement will be displayed prominently at all premises and will be made available to all interested parties upon request.

The Company welcomes positive contributions from all employees and requests that all activities are carried out in accordance with appropriate training or instructions.

Ronnie George
Chief Executive Officer
