With a ceramic plate that absorbs water then evaporates it, and a user friendly design, the JetDry3® really is unique!

Dry your hands in a more comfortable way – just like you wash them – and watch while the water disappears into the unique ceramic plate.

The JetDry3® has built-in anti-bacterial protection on its surface and all ABS components and the HEPA filter eliminates over 99% of any present bacteria.

JetDry3® Eliminates 99% of bacteria

The JetDry3® uses a Lo-Carbon DC motor and has an optional heater mode. The patented three air outlets generate a consistent air speed which dries hands more thoroughly.
